Data sheet

Struttura:

legno di abete, multistrato e truciolare rivestito di poliuretano espanso ecologico ricoperto con falda 100% poliestere.

Struttura spalliera: metallo.

Schienali e braccioli poggiano su meccanismo metallico.

Sistema di molleggio: cinghie elastiche.

Imbottitura seduta:

cuscini di seduta in poliuretano espanso ecologico ricoperto con falda 100% poliestere.

Imbottitura spalliera: cuscino spalliera in piuma d'oca.

Imbottitura bracciolo:

bracciolo in poliuretano espanso ecologico ricoperto con falda 100% poliestere.

Sfoderabilità: non possibile.

Cuciture:

il rivestimento in pelle è realizzabile con filo a contrasto nelle varianti di colore disponibili, inoltre prevede tagli differenti rispetto al rivestimento in microfibra (o tessuto).

Meccanismi:

il modello è dotato di spalliere e braccioli posizionabili manualmente che consentono di estendere la profondità della seduta di 38 cm e incrementare la larghezza di seduta di 25 cm. per lato bracciolo.

Piedi di serie:

in metallo h13cm, in alternativa è possibile scegliere tra le finiture standard oppure finiture “speciali” presenti nell'apposito campionario.
Alcune versioni potrebbero essere dotate di piedi nascosti che hanno funzione strutturale.

Piedi optional:

su richiesta, previa maggiorazione di prezzo indicata sul listino.

Structure:

fir wood, plywood and chipboard coated in eco-friendly polyurethane foam covered with a 100% polyester layer.

Backrest structure: metal.

Backrests and armrests are on a metal mechanism.

Spring system: elastic straps.

Seat padding:

seat cushions in eco-friendly polyurethane foam covered with 100% polyester layer.

Back padding: goose down back cushion.

Armrest padding: armrest in eco-friendly polyurethane foam covered with 100% polyester layer.

Cover removable: no.

Seams:

the leather upholstery can be made with contrasting thread in the available colour options, and also features different cuts compared to the microfibre (or fabric) upholstery.

Mechanism:

the model features manually adjustable backrests and armrests, which allow extending the seat depth by 38 cm and widening the seat width by 25 cm on each armrest side.

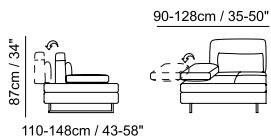

Standard feet:

13 cm h metal; alternatively it is possible to select between standard or “special” finishes included in the sample book.

Some versions may feature concealed feet having a structural function.

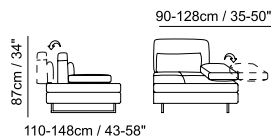

Optional feet: upon request, subject to a price increase per the price list.
